

### *Testimonial for Troy Holloway Real Estate Specialist*

A short time ago I was interested in a property for sale and needed to make arrangements to look it over as soon as possible as I felt it was excellent value for money.

I contacted Troy Holloway from Port City Real Estate and without any fuss and drama he suggested a suitable time to meet.

In a short time frame I had signed an offer and acceptance. All the details were attended to quickly and efficiently by Troy. He took care all the necessary paper work, and other details like the termite inspection were arranged and happened, smoothly and on time.

As settlement day approached we were getting anxious and he assured us that everything would come together, which it did.

During the course of the events I contacted Troy a few times and he was always interested & sincere in dealing with my call.

In my dealings with Troy I have found him to be genuine, friendly and approachable without being patronizing.

I would be happy to business again in the future with Troy.
